

CONSTRUCTION NOTICE

Kulanihakoi Substation Line Extensions

May 16, 2022 – July 2022

7 a.m. – 5:30 p.m.

There will be no scheduled power outages as a result of this work.

As part of the ongoing Kulanihakoi Substation project within D.R. Horton's Ho'opili community, Hawaiian Electric crews will be installing poles and approximately 2.5 miles of (46kV) high-voltage, sub-transmission overhead lines that will connect the Kulanihakoi Substation to Hawaiian Electric's system (please refer to map on other side). In addition to supporting the increased demand for power in the region, the Kulanihakoi Substation project will ensure continued, reliable, and safe electric service for the new, vibrant community and enable more distributed generation resources on the O'ahu grid.

Hawaiian Electric crews and contractors will begin line extension construction within the Ho'opili community on May 16, 2022, through July 2022 between the hours of 7 a.m. and 5:30 p.m.

Traffic will be impacted on various days while crews are working at the following locations:

- **5/16/22 – 5/20/22:** Single Lane Closures at Kauluakoko St., 'Ōnohi'ula St., a portion of Nana Hope St. (nearby intersection of 'Ōnohi'ula St.)
- **5/23/22 – 5/27/22:** Single Lane Closures at Nana Hope St. and Ho'omohala Ave.
- **5/30/22 – 6/3/22:** Shoulder closure on portion of Kamolehonua St. (nearby intersection of Kulanihakoi St.)
- **6/6/22 -6/10/22:** Shoulder closure on portion of Kamolehonua St. (area by 'Ōnohi'ula St. and Ho'omohala Ave.)
- **6/13/22 -6/17/22:** Shoulder closure on portion of Kamolehonua St. (area north of Ho'omohala Ave. to Aloun Farms)

Flagmen and special duty police will provide onsite traffic control. Traffic cones, safety signs and arrow boards will mark the work zones. Motorists are urged to slow down and drive with caution when approaching and passing the work zones.

We apologize for the inconvenience and appreciate your patience and cooperation as we work to ensure reliable service for your community. If you have questions or concerns, please call me at (808) 543-4093 or email me at Weston.garcia@hawaiianelectric.com
